WowBuster For players who want to make the most of the addon system. Allows you to see all the content in your level as well as your character's progress. You can easily add and remove any objects. Also a very useful feature that you won't use anywhere else in WoW. It allows you to see what objects will be added to the game (for example: teleportation scrolls, pets, as well as other objects). There is also a button to quickly view your character's progress. 2. dd2bc28256
