SketchUp Pro for Mac is a 3D modeling program that can be

---

used to build almost. A compelling case for removing the title of "King of Comedy" from Jerry Lewis, a record that is likely to become even more of a pop culture artifact with the arrival of the world premiere of Michael Mann's biopic about his life and times. It's a film that catches its subject in the present, a man who still has the goods to turn in an interview that is both sardonic and frank while also being more probing than his interviewer

---

could possibly have hoped. And as for that clown title, the film does a masterful job of tying Lewis's cool stoicism to something that is much closer to a laugh. The title is fitting not simply because the figure of "Jerry Lewis" is as funny as the world has come to know him, but because it is also something of a curse. Lewis helped to develop a Hollywood that knew much more about Jerry Lewis than how to produce at least moderately funny

---

comedy. Instead, we got a Lewismania that sees him every time we turn on the television and even has caught up with him in places where his films never saw him.

Jerry Lewis would likely be humbled by this argument, but since he is dead, he does not get to see the mania for himself. To say that he would be disappointed is a very different claim. How often do you get to see the headliner before your show begins? Or even a major figure,
