• An Evolution of Fantasy Role-Playing Numerous changes were made from the initial product release to develop this new fantasy role-playing game. • Successor to Neverwinter Nights A sequel to the classic Neverwinter Nights with content that was previously released as expansions. • A Unified Expression of Myth The myth of the Lands Between serves as a foundation and the unity of the system is further reinforced. New Features 2 Player mode 2 Players can play together with the main and sub characters in the game at the same time. Many new skill and class combinations Many new combinations of skills and classes were added. Unparalleled Graphics All of the graphics have been newly re-made from scratch, and the artworks have been enhanced to improve the clarity. Multiple styles of visuals To accommodate a variety of tastes, there are two styles of pictures that can be selected at the beginning of the game. * Character design * World design Character design You can add new looks to the characters by repeatedly inserting different body parts into the book picture screen to obtain various new designs. At the same time, you can use the character data book to display your character's face. Character name The character name can be freely input. Slot equipment Equipment that fits the character's design can be placed into the appropriate slots. Visual effects The character will have visual effects at various times, such as when using an attack. World design The setting There are many places in the Lands Between. You can freely travel to any of these places, or even dungeons. There are also many places that you can visit during the game. •A Four-Story World Map In addition to the main story, there are five dungeons with a total of 100 floors each. You can freely travel to anywhere from the world map as long as you have enough experience. Traveling on the world map becomes much more convenient now. •Door to a New World When you start a new game in the world map, the world map will open and you will be directed to a new place. You can experience the new elements in the world map with a new character. •Opening & Closing Doors The doors will open up to new places as you enter them. You can open and close the doors you want as you go through, just like

A huge open world with hundreds of quests to discover.
- Face challenging foes in realistic battles that will take you to the shocking end of the Lands Between, such as the Legendary Battle with Dolorien, the Hero of Flame.

CLASSES

Each class has its own unique attributes. ATHLETES The Athlete provides a means to explore the vast geography, gather resources, or launch attacks. When faced with a key opportunity or a brawny opponent, all you need is this class. The Athlete always has high defense and attack power and as a result they can utilize powerful attacks right away. The Athlete adapts their attack power easily. WARRIOR The Warrior, as his name indicates, is a class that is skilled in combat. He also has good defense. The Warrior is more capable of attacking swiftly than the Athlete. This class is great for thorough traveling and area exploration. Combined with the skills of the Mage, which he tends to like, he can work as a party member.

MAGE The Mage is capable of using magicks while traveling and exploring. Magicks are a diverse array of abilities that range from creating boxes, which are used to teleport your party, to making impassable walls come down. By using magicks, the Mage is a class who can utilize a range
