Our new action RPG is based on renowned Japanese RPG maker Atlus' myth-fantasy universe, "The Legend of the Legendary Heroes." It's a game where you seek out God and battle evils. However, the entire story is told from the viewpoint of the main character's own point of view, and it's an RPG where the main character is forced to choose for himself. THE STORY OF THE GODS AND EVILS The Titans, the greatest of the gods, have all but disappeared from the universe. A new evil has been born and vows to destroy all of humanity and gods. At present, you, the hero, must journey through the 9 Holy Lands and 7 Ecumenical Lands and figure out why the god race has vanished and what you must do to defeat the evil. A WAR BETWEEN THE GODS AND EVILS As a hero, you must take arms to rescue the gods from the evil. By joining the battle, you will be able to befriend and nurture divine beasts, spiritual allies, and godly evildoers. Your relationship with them will change the play style, and will affect the battle strategy with them. EXPERIENCE THE ANCIENT WORLD A vast landscape awaits you, with an array of different places to explore, and an epic story to explore. By discovering countless numbers of weapons, armor, and magic, you will easily break the limit of what you can equip. Story • A New Fantasy Created by Atlus The main character is a high school boy who goes to a remote island, Aetolia, and finds out that his hometown has been destroyed. He then sets out on a journey to find the reason why God has disappeared, against the will of his overlord, Prince Edgar. • One-on-One, One-to-Many Viewpoint There are many characters in the game, all of whom have their own viewpoint. They are all different, but the story is told by the main character and his viewpoint. Interface • A beautiful UI designed to satisfy the player's desire for action. • Simple and easy to use Progress can be properly viewed at a glance, and easy to read. In addition, the screen and option window can be utilized more efficiently through a full screen mode. Song There are a total of 26 songs in the game, in which each song has its own theme
