## **What's new in Elden Ring:**

**This is not a game of combat. Lords select their heroes and train them from a young age. Children who receive permission from their parents are given swords and armor. Depending on the people who accept the hero, the hero and his party can roam or go on adventures. By gaining power and skills, the hero increases in age and becomes a true warrior. By earning fortune, the hero can not only pursue fortune, but also improve the equipment that his companions will carry.**

**So hurry up and join the hunt for the realm of truth. By joining only a few adventurers, you can make a journey to bring the truth to the people of your land. When you face the formidable Shadows, and none survive...**

### **CHILDREN (BOTH MARBLE AND PLAINS)**

**Notes on the process: We've discovered a unique approach to porting our game to the ARPG platform, which allows us to continue to polish Monado eventually for Windows and Android and serve as a showcase for mods and support for the ARPG platform. Before that can happen we're going to address a few issues:**

**Animations: We've added multiple layers of sand to move more smoothly, and eliminate jumping volumes. Additionally, we've added a rear take-off to the character, both on the ground and into the air.**

**Class Abilities: We're continuing to polish the system of class attributes and defining a**

**powerful endpoint, while keeping an eye on the base class concept of abilities. Ultimately we're going to reintroduce the Mentor class with a level that limits class abilities but raises character power.**

Andrea Pirlo's first words after resigning from New York City FC were the best possible for his departure. "Thank you for the work," they said. "This was not a decision I took easily." And then the rest, as it usually goes: "We have appreciated this opportunity to work with you. All the best." Had he played out the first sentence, city, club and fan base would have had a much better chance at hosting Pirlo's farewell party. That second sentence, though, soured the experience from the start. It was a gentle way of saying that he'd suffered something of a wake-up call earlier this month, when the front office and his father, Franco, began the process of making sure a deal could be found that would put Andrea back where he fit the system in place in MLS. Andrea had grown weary of the ride as New York City FC's designated playmaker, desperate for a fresh start in a new environment. "For me, at the moment, this is the right time," Pirlo said on Feb. 6, as the clock wound down on his five-year tenure in New York
