A Fantasy RPG to be played online only (Cross Platform) A massive project made to gather all of the new blood that aspires to be a Lord, to accomplish great deeds, and to live a life full of adventure. An online fantasy world where you can create a new character and freely develop it. An online fantasy world for which all players can share in the world without having to put in the time and effort of building their own world. Gameplay meets story in an epic drama of a multilayered narrative that takes place between a vast land on the border of two different planes. ABOUT GALAK-ASPYRIA GAME: An Action RPG with the soul of Final Fantasy and Breath of Fire An ancient world in which you adventure on your quest for magic to change the status quo. An ancient world where you can freely create your own path to the most majestic goal, and the status quo will change according to your actions. An action RPG with the heart of Dragon Quest and Final Fantasy An action game with the most amazing views A true 3D action RPG will have you going through a story full of action, exploration, and so much more. An action game with a story with an abundance of characters to interact with. A game which was built by carefully considering the feelings of those players who share the same enthusiasm for the genre with the developers. ABOUT CODE SWORD SAGA GAME: A new fantasy of action, where you will slay the invading monsters and fight the monsters who strike under the moonlight A pure and fresh fantasy world The Bloodlines: The land of Artorius is a land that abounds with monsters, but these monsters are not the primary causes of war. The monsters are born from the anger of the ancestors. They haunt the very land and express it in their forms. The people of the Bloodlines face this uncanny threat and are hardened by the difficulty and the sadness of their fate. Nameless Monsters: The inhabitants of Artorius are vulnerable. The Bloodlines are at war with the monsters who invade their land. Players, however, are not named entities, but rather lone adventurers who wander in the world, seeking to defeat monsters. Touchable Monsters: Isolated from other players and desolate lands, players will often find that they are traveling alone. Other players are just a faint whisper on the wind. Isolated from the rest of the

## **Elden Ring Features Key:**

Unique Online Play that Loosely Connects You to Others  
A Vast World Full of Excitement  
An Epic Drama Born from a Myth  
Engaging Classes and Skill Trees

RISE, TAINTED, AND BE LOST. Welcome to the Lands Between...

## **Introduction:**

The fantasy RPG known as *Elden Ring* (*Elden* for short) is the very first complete fantasy RPG developed by the company *Krasnystroy*. Even though it was released on August 11, 2011, *Krasnystroy* has always been known as a creator of long-lasting and attractive games that deserve a lot of attention. We hope you'll enjoy this new action RPG based on the characters and world of the popular *Elden Ring* manga and anime.

## **Design Concepts:**

The *Elden Ring* RPG was designed to be much more than simply an action RPG. It was also designed to be interesting and entertaining all the way through. It's important for an RPG to keep the player's interest by having a variety of things happening all the time.

It's easy to say how it's easy to do that in a contemporary action RPG as *Fate/Stay Night* and *Akatsuki no Yosei*. The goal is to create an atmosphere of balancing the different mechanics of the game's world to make people enjoy playing your RPG.

Yet, when you consider the fact that this is *Elden Ring* it'll be different.

First, gameplay mechanics should be intuitive and easy to use. A game where the player understands what's happening at any time is the best type of game.

Second, you should make the players feel a sense of accomplishment. Even if players lose or find less points, they should still have feelings of accomplishment when they beat bosses.

□WORLD - The Lands Between, where the Tower of Hermes is located. - The Lands Between is a vast world that you can freely move between maps without an energy bar. - Map display is augmented in order to maintain the depth of the world, and every area looks beautiful. - The abundance of an enormous amount of fields, towns, and dungeons that varies in appearance and situation, combined with varied enemy types and increasing difficulty as you go further, creates an impression of being in an epic battle. - While you are advancing through the world and defeating enemies, you will be able to accumulate EXP as well as items. □ABOUT ELDEN RING - By tapping on the screen, you can move your character, attack the enemies, use magic spells, equip weapons, and use skill actions. - The characteristics of the character that you were customizing before will be reflected in movement, basic attacks, skills, magic, and equipment. - You can equip weapons and armor, as well as magic and skill actions. - You will also be able to use special weapon skills and special armor skills through the action bar. - While battles are happening, you can carry out a battle plan that will determine the direction you will go to next in the quest. - The scenario is aimed to be a RPG with great battles, meaning that it focuses on combat to a greater extent than something like "fishing". - You can check your character's strengths and weaknesses via the strategic battle system (BATTLE PLAN). ■PRODUCTION PlayStation 4 released in Japan on October 12, 2016. \$22.99 RRP. □PS4 Store□ □THE GAMES Punishing Those Who Disturb You (3 Available) □STORY For 100 years, you have lived in the tranquil

---

village of Cactea. That is, until you find yourself trapped in a sinister world. You can only save yourself if you complete 100 quests, but in this world the rules are quite different. Some quests can only be completed if you're very aware of your surroundings and others don't have any rules at all. It's up to you. Will you be able to solve this problem? If you dare to play this game, you may get some surprising outcomes. [FEATURES](#) [Story](#) [Interactive](#)

## **What's new:**

**Ten minutes and I already regret not buying a book to amuse myself at the bus stop. But hey, how does life matter to an elite warrior when he is building his lineage? Yes, this is a game about growing massive behemoths and beaching them on fully grown cities.**

**In the Elemental Realm, the other races struggle to protect their identities by strategically breeding among the various elemental monsters.**

**Relentlessly pursue missions while battling against challenging enemies and exotic creatures. Visit amazing areas, uncover secrets, and experience a story that will unfold with an insane flair right in front of your eyes.**

**In the world of Albion, inhabited by humans, elves, dwarves and other races, you must choose a path and set off to explore the lands beyond in a colossal on-foot adventure.**

**Brave the ruthless elements, traverse dimensions, defeat monsters and negotiate with the local populace. Following the storyline is only a brief distraction compared with the endless content that awaits you in this game!**

## **GAME REVIEWS**

### **RPG**

**Noodlecake Games has done it again, and even though I'm kind of bummed I missed out on the first game, the second one hits my sweet spot for a second play through.**

**In Atlas Reactor, players must assume the role of a Hero, a denizen of the modern age with an intrepid spirit and an advanced intellect. Armed with laser pistols and a mojitos filled with nanite scramblers, our hero is determined to prevent the conclusion of the Earth's dark age and revives the Eternals who, for a reason unknown to the heroes of the 20th century, play**
