### **What's new:**

**Online multiplayer is full-scale competition (head-to-head: when a player is on the winning team, the other player is on the losing team) with 5 players per match, users who place in the top ranks**

---

will be invited to further invitation matches and thus rise to the top of the leaderboard. In addition to 1v1, there will also be 2v2 and 3v3 matches. Asking for more than 5 players will be denied.

The game will use a battle to replace fast-play, where a large battle is automatically connected to other battles and fans can enjoy together. However, if you want an offline 1v1, 2v2, or 3v3 match, you can set up a battle. Along with normal battles, we also look forward to seeing battles with a time limit.

There are three difficulties: easy, normal, and hard. The difficulty settings are automatically selected depending on the number of players in a battle. Easy is easy, normal is normal, and hard is hard.

In order to reach even higher quality, we have developed *DOOM 3 Player* in tandem with id Software. We will update the game on or before December 15, 2013. We also look forward to seeing you in the Lands Between at launch!
