Between: a Huge World Full of Excitement
The Lands Between are a post-war world.

The nation of Eden once existed as a utopia, but now the entire world has come to an end. Descendants of Eden who did not surrender to the Order of Eve left the nation, and the remaining people have adopted a primitive, nomadic lifestyle, wandering through the uncharted and undiscovered Lands Between. There is no established order, and the people have been left to their own devices. ■

The Lands Between: A Vast World Full of Excitement That is why the Lands Between is vast and mysterious. The largest dungeon in the history of the world has been found in an unknown region. A cataclysmic destruction of the world caused the inhabitants of the Lands Between to see the people of the Order of Eve in a new way, and it is only now that they are beginning to remember. ■
