**Guide Posted on April 9, 2012 by Gypsy Beale & Jovon Jovon and Gypsy Beale** Welcome to the SoundtrackForLightBeings guide on Diabolical Dimensions: Beyond Perception. This guide is sure to guide you through the entire game. Pick up the soundtrack where it sits so you don't miss the best music of the game. Soundtrack of a Healthy Being Listen to the score of the Ghost of Karai because it starts out slow and intimidating but over time opens up to the EarthForce fleet which was needed in order to defeat and recovery the infected Karai. Section 1 of the Soundtrack Ah, the beginning. You see, you are a wound on the ship AIS and the ship is a combination of different tones like. Dark. A little creepy. And with an echo in the case. This makes for an amazing melody. Big Dose of Rocky Horror - Chest Cracking Hard Get ready for the dark side of the Moon, EarthForce is here to start up his journey. This is the dark, Heavy Rescue Unit. This is the beginning of the soundtrack, let's get busy. This is the main set's music from the beginning of the game and it tells you that you have to push hard to get the driver to work. Water blasting the legs off. Everything you can think of, this song plays at it. U are Safe I Am Burning - Even After You Die I am Still Burning You know how a lot of mixtapes sound? Yeah, this is what you use to get started. This is the main mission theme and like previous missions it really is a combination of different tunes into one song. What makes it special? Water blasting... Everything you can think of, water blasting. This is the mission theme. Oh the Sadness The old man gets cut down from a decomposed tree that was attached to it. This one does a theme for these kinds of characters. Lots of tense music and stops during specific parts of the song. This is a filler. I don't have a heart - Gypsy Beale That's right there is NO theme. Nope. Just do a little rocking. Cutie and others. Around Mission 03 and 04. Arrow's Piece and Bird's Piece Peaking through the clouds is a baby

There is no perfect time to save yourself for marriage. If you were just able to delay the date of your engagement, what would you do differently? The aim of the game is to plan your engagement party and wedding, and to have a happy life with your fiancÚ. But there is a catch... Whenever you marry, you will lose a point. "RECEIVE MY LOVE AND CONTINUE TO WALK ON MY FOOT." If you lose a point, the bride you marry will be born. You must marry a different fiancé. ... Hi Everyone, I'm writing this letter to you all today. Because it's an exciting day for me. And I can't wait to share it with everyone. Do you know what day this is? Today is the day when I am officially engaged. Most people would celebrate by having a party. They would even pick a date months in advance. But I don't want that. Because I am too shy to talk about myself, I decided to pick a date I can talk about. There's a reason I chose this date. I'm very excited about it. It means so much to me. And I feel the same way about my fiancÚ. It's a future that we will share together. The purpose of this letter is to let you know that. This is a rare occasion. Today, we are sharing our feelings with the world. And I believe that. I know I am being a shy little bunny. And I am very happy that I can move forward with my life. Because it makes me feel so much more alive. Even if I have to wait a little longer to get married, I am more than ready to be a wife. Thank you for reading this. Sincerely, A Long-time Dream Fulfillment Bunny  
"We can't do anything about it. We have to wait for tomorrow. And think of tomorrow today." -- We had an exam today. And it went incredibly well. So of course, we're waiting for the results of the exams. A little while later, our teachers came up to us. "Hi. I'm fine. I think you guys did well." "Yeah, thanks to you." "It was incredible. And I know it's probably going to be a pass. Congratulations
