Click the blue button "Try for 30 days" to launch the trial. 2. Click the orange button "Buy now" to purchase a key to use. Users may not be able to use the app for some time if you haven't purchased a key in the last 1 day. 3. Find the installer and run it. Installation Guidelines: Enter the user name and password you have used before to login the Cloud Service. (You may find it is already registered but it means you have to re-login). You may need to update some apps, such as anti-virus engine (if you have installed it), device manager, and system optimization package. Go to the App store to find the updates. Uploading a trial version: 1. Find the users and click on the "Add" button. 2. Enter the Trial Apps and contact number and click "Create". 3. Navigate to the task list in the dashboard, click the "Add Task" to add the trial version.Q: jQuery Bind click event to element inside of another element I have the following structure of divs in a form: Something Default Something1 Something2 Something3 Abort
