That time we were sitting in a cafe drinking coffee , I didn't even know that there was such a street. - A street called "Pleiades"? - Yes. But I'm already a little used to calling it that. I used to think that this name was just invented, but when I saw a star in the sky, I recognized "I don't know. But the day I found out it was a constellation, I started calling it Pleiades." In the background, I often looked at the sun and at the person.
