
Mortal Kombat Shaolin Monks Pc Highly 147 ((LINK))

the original mortal kombat was released for the ps1 in 1992 and was the first fighting game to use digitized likenesses of real actors. while the gameplay was deep and memorable, the characters looked goofy. mortal kombat ii changed all that with its new character models and better graphics. the new models were more detailed and, most importantly, made the characters look like they belonged in the universe the series was set in, though the character designs were still a bit goofy. mortal kombat iii returned to the more cartoonish characters, but finally the series was looking and sounding more like a video game than a saturday morning cartoon. mortal kombat 4 was a return to form, with a well-developed character roster and a few great new fatalities. the game even offered a glimpse at the very first mortal kombat spinoff, mortal kombat: special forces. despite being a solid game, it wasnt as memorable as its predecessors. mortal kombat was a radical departure from the established conventions of the arcade fighting game genre. mortal kombat 2 built on the premise of the first game and added a story mode and a few new features that gave the game a level of interactivity and excitement that many fighting game fans had never seen before. mortal kombat 3 took the series to another level with the introduction of the dreamcast, the first console to truly utilize 3d graphics. the game gave players a whole new perspective on the fighting genre. mortal kombat 4 expanded the combat, allowing players to choose from a roster of 12 characters, as well as have their own fatalities added to the game. mortal kombat 4 is the best mortal kombat game and one of the best fighting games of all time.
