The program Beautylogic is designed for people who love and want to model their ideal face by themselves, using the Beautylogic program. To do this, you have to choose the right type of face in the program and simulate it as you wish. The Beautylogic software contains more than 1000 images, so you can quickly find the right face for you. In order to make it easier to find the right type of face for each parameter in Beautylogic, a wizard is available. The wizard will help you quickly and conveniently find the right type for women as well as men. You no longer have to remember and manually type in the combinations for your face type. With a single click, Beautylogic will identify your type and find the right options for you. The Beautylogic software is simple and easy to navigate, so you can find the right facial type for you. Beautylogic automatically determines your type of face and, based on your preferences, finds the right type for you. You will be presented with several options for correction, which you can immediately tweak according to your taste. You can then move on to creating your portrait or continue your work online without saving the file. Features: - The program automatically determines your face type by several parameters, such as age, face shape, eye shape, etc. - All parameters and data can be corrected online without saving the file. - The program allows you to find the perfect face shape.
