**Downloadthescruffsfullversionforfree ~REPACK~**

**Download**

---

to download the full version of the slurper free go to slurperl.com or slurper.lokilo.net and then click the "request a download" button in the menu. to download the demo version go to slurperl.net and then click the "demo" button in the menu.

support slurper has been built for free, but if you do want to get support i would be grateful if you donate to me . credits my main code contributors include michael rush (helped me through the early years of coding), darragh devenport (database stuff), graham knop (the coolest! stinking cool!), and rich hickey (truly immutable data structures). download slurper is versioned, so if you pull source from a cvs git clone

git://github.com/lokilogi/slurper contact if you have any questions about the free download, @lokilogi lokilogi if you have any feedback about the slurper slurper.net page, @jaxon jaxon if you have any bugs to report, @jaxon jaxon if you feel that something that's in slurper would be a great feature, @jaxon jaxon copyright copyright (c) 2011-2014 lokilogi.com. in an addition: the add-on applications in the package comprise the chemdraw structures and are almost as easy to use and handle at the same time as chemdraw itself. chembio3d pro provides tools to create publication-quality three-dimensional molecular models and includes entry-level molecular modeling, including molecular dynamics simulations, and the calculation and display of electronic surfaces, which also makes it a prominent software among professionals. the program can read and save in a variety of chemical formats and could be used to generate molecular structures for other modeling programs at the users ease. also mestrenova lite is an nmr processing and display program that

---

can import one-dimensional nmr spectra or fids as well as process and manipulate these data for presentation or publication as a pro software functionality. additionally, the excel plugin, in conjunction with ms excel, and chembiofinder standard provides different ways of storing chemical information in order to use as reference data for future projects with saving a lot of time. moreover, with the excel plugin, chemical structures and a variety of chemical calculations can be stored and searched in an ms excel spreadsheet saved in the software system. it is regarded as the modest stand-alone, searchable databases of chemical information, including structures, that can be created using chembiofinder. so, what are you waiting for
